AMERICAN MILERS TO MEET OXFORD TO-DAY

British Relay Team Expected to Find Chief Resistance in Cornell Quartet.

PENN FOUR ALL STRONG

One and Two Mile Races Offer Keen Contests-Record Crowd in View.

PHIDADELPHIA, April 24 .- Already this city is beginning to swarm with young men of the athletic type who are here in anticipation of the University of Pennevivania relay carnival which is to be held on Franklin Field to-morrow. Never in the twenty years since the introduction of this annual fixture has the interest been so great, the increased importance being due partially to the presence for the first time of a team of mile runners from Oxford University.

Nearly every collegian who came to town to-day made his first question an inquiry as to the whereabouts of the English quartet and all were particularly anxious to get a peep at Arnold N. 8. Jackson, captain of the visiting team, who became famous by defeating the best of America's distance runners in the 1,500 meter race at Stockholm. The Englishmen unished their training well satisfied with their condition, and though no time trials have been made public the smooth movements of the Oxonians have made it clear to onlookers that a new record for the four miles will be neceseary if the Oxford team is to be beaten. The chief hope of an American victory

lies in the Cornell team, and though Ites in the Cornell team, and though Trainer Jack Moakley has been as secretive as the English captain as to the Shanholt cousins—showed more football than the entire Columbia aggregation had exhibited become known that in one trial of the team the slowest man travelled the mile in the slowest man travelled the mile in the slowest man travelled the mile in the Bhanholt pair passed, short the leaders, and with the reputation of Cornell as a producer of distance runners to sustain, it is reasonably sure that a team would not represent that university unless it was capable of coming somewhere near the time that the Britishers are expected to make. Pennsylvania also has a strong team, with two tried men, McCurdy and Madeira, as the stars, and since Meredith has been forced to withdraw from the one mile event all the ef-Trainer Jack Moakley has been as sehas a strong team, with two tried men, McCurdy and Madeira, as the stars, and since Meredith has been forced to withdraw from the one mile event all the ef-forts of the local university will be turned toward giving the invading team

fight in the four miles.
Only fine weather is required to make new records in the championships a prob-ability. Both the two mile and one mile races are more open than in previous years, and in the former event it is comtalk that Dartmouth. Princeton, Chicago. Virginia and Michigan possess teams equal to running inside the record figures made by Michigan in winning last year. In the one mile Cornell, Illinols and Harand a close contest is expected, ower the intercollegiate record of 3:21 2-5.

Hendrickson, a former national champion, who also is a member of the New York Athletic Club, seemed to have the event won until his final string of 25 targets. He then fell down and lost 3 of his final 6. It placed him in a tie for third place along with D. F. Mc-Mahon, chairman of the shooting committee of the New York Athletic Club, and J. R. Blakeslee of Cleveland. The shootoff was won by McMahon, with Hendrickeff was won by McMahon, with Hendrick-son second and the Western shooter third. Two championship events also were on the programme. One was a three man team race that was captured by the In-dependence Gun Club of Philadelphia with a total of 548 out of a possible 600 targets. New York State gunners won a nan interstate championship with

Won by 8 to 1 Score.

With the score 322 to 379 in favor of Yamada, the local player missed an easy shot and left the ivories in a bad position for the Oriental. The latter pulled out the tally and brought the balls into position for a string that would have put him over the four century mark. As he was preparing to make his second stroke, Yamada in leaning over the table, allowed his coat to brush against the ball and thereby fouled and lost his last chance, for Hoppe ran out the necessary 21 when he came to the table.

In the other night game Ora Morning-star beat Jacob Schaefer, 400 to 76.

Calvin Demarest kept his slate of victories clean by defeating Harry P. Cline to the start of the second strokes.

In the other afternoon contest George F. Slosson could not keep control over the ivories and lost to George Sutton by a score of 400 to 282. Sutton averaged 12 16-32, with high runs of 52, 45 and 37, against an average of 8 26-32 and high runs of 59, 42 and 27 for the New Yorker.
